Bids for this Sale will be accepted ONLY on the terms as printed on page 2 of this catalog. So if bidding for the first time or if you are not acquainted with my Sale Terms, PLEASE BE SURE TO READ THE TERMS BEFORE BIDDING.

Fifteen hundred catalogs of this Sale are being distributed. Therefore, in order to serve most satisfactorily so many clients, a uniform service or method of sale must be strictly adhered to. The terms and methods of sale used by me have been perfected after more than twenty-five years of successful experience. And while I know that it is humanly impossible to please everyone at all times, but the fact that my Sales are so widely and extensively patronized through these many years, is more than sufficient evidence that my terms and methods of sale are fair and reasonable and consistent with good business.

So please bear in mind that positively no deviation from the terms of sale as printed on page 2 of the catalog will be made for anyone.

Please send in your bids early. Every bid received is executed just as faithfully as if you had yourself been present at the Sale.

It is to YOUR ADVANTAGE to Mail Your Bids Early!

To Avoid Misunderstanding Please Read These Terms of Sale Before Bidding

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids, or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, April 9th, 1929.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this Catalogue is given by Millimeters.

UNITED STATES SILVER DOLLARS.

Including the Rarities of 1794, 1838, 1839, Etc.

1 1794 First year of the dollar coinage. Obverse, good to very good: Reverse, very good, and considering the coin, it has some claims to being classed as almost fine. The left lower portion of the obverse weakly struck as usual, but every star and the date is very plain. A few minor, hardly noticeable light scratches but free from any serious nicks or dents. A most acceptable specimen of this very rare dollar. One of the rarest of the entire series and far more rare than is generally recognized.

PIONEER and TERRITORIAL GOLD COINS. CALIFORNIA.

The First Coin Issued From California Gold.

404 1848 $2.50. Type of regular U. S. issue but with CAL stamped in above eagle. This was done while the coin was yet in the die. Struck at the United States Mint at Philadelphia, from the first gold received from California. Extremely fine, with some luster. This was purchased by Mr. Rosborough as an uncirculated specimen. Rare.

Note: This coin is one of a limited number which were struck from a small quantity of gold, about twenty-five to thirty ounces, sent by Col. R. B. Mason, Military Governor of California, to Secretary of War Marcy, who sent it to the Mint with a request that a quantity of the metal be used in the making of Quarter-Eagles, to bear a distinguishing mark such as the Director of the Mint may think proper. The above coin is one of the few specimens struck.

MOFFAT & CO.

405 $5.00 1849 Type of U. S. issue but with MOFFAT & CO. on coronet. Reverse, S. M. V. (Standard Mint Value) CALIFORNIA GOLD FIVE DOL. A pin-point nick on cheek, otherwise very fine with some mint luster. Scarce so choice.

406 $5.00 1850 Type as last and from similar die. Fine. Scarce; more so than the 1849.

407 $5.00 1850 Same type as last but of an entirely different die; center arrow points above period, and die break at edge connecting OL in DOL. About fine. Rare. This is the so-called large eagle variety.

408 $10.00 1849 Same type as the $5.00 pieces but with TEN D on reverse. Usual light nicks on edge but strictly very good; can be classed as fine for coin. Very scarce.

409 $20.00 1853 Type of regular issue, MOFFAT & CO. on diadem. Reverse, small eagle with shield as on the regular U. S. issue, legend, SAN FRANCISCO CALIFORNIA TWENTY D. Fine with usual light nicks. Rare.

NORRIS, GRIEGG & NORRIS.

410 $5.00 1849 Small eagle with olive branch and three arrows. CALIFORNIA GOLD WITHOUT ALLOY. Reverse, date in center, within two lines of inscription and circle of stars, FULL WEIGHT OF HALF EAGLE. Variety with milled edge. Very good. Very scarce.

411 $5.00 1849 Another as last but with plain edge. A much finer specimen, rather bold impression with figure 5 showing plainly on shield, traces of mint luster. Very fine. Rare.

UNITED STATES ASSAY OFFICE.

412 $50.00 1852 Eagle with shield and ribband, 887 THOUS above, UNITED STATES OF AMERICA FIFTY DOLLS within circle around which in smaller letters, UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA. Reverse, engine-turned design. Octagonal Milled edge. Strictly very good, with fine date. Usual light nicks but none marked or very prominent. A most acceptable specimen of this rare and popular coin. Seldom found better.

413 $20.00 1853 Eagle with shield and ribband just as on the $50.00 gold piece, 900 THOUS above. Reverse, in four lines, on tablet on engine-turned design, UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA 1853. A light, hardly noticeable nick in obverse field. Uncirculated, with mint luster. A beautiful specimen and as such quite scarce.

414 **$20.00** 1853 Same type and variety as last and almost as choice. While it is not as brilliant but it is struck a trifle more bold. Scarce so choice.

415 **$10.00** 1852 Same type as last but with 884 THOUS on scroll. Uncirculated, mint luster, with proof surface. Almost equal to a proof. A magnificent specimen and as such rare and quite valuable.

416 **$10.00** 1852 Another just as last. Fine. Scarce.

417 **$10.00** 1853 Obverse similar to last but of an entirely different die, 900 THOUS above Reverse, inscription in five lines, UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA 1853. Very fine. Rare. Far more so than is generally known.

MINERS BANK TEN-DOLLAR GOLD COIN

418 **$10.00** (Not dated but coined in 1849) Eagle with U. S. shield on breast, CALIFORNIA above, semi-circle of thirteen stars. Reverse, TEN. D. in center with MINERS BANK above and SAN FRANCISCO below. Milled edge. Very fine, bold impression; two light scratches on reverse. But a mighty choice specimen of this very rare coin. Seldom offered. Record well over $200.00.

KELLOGG & CO.

419 **$20.00** 1854 Type of regular U. S. issue but with KELLOGG & CO on diadem and on reverse, SAN FRANCISCO CALIFORNIA TWENTY D. Practically uncirculated with usual evidence of slight circulation or having been handled with other gold coins. Light, hardly noticeable nicks; considerable mint luster. Getting scarce.

420 **$20.00** 1855 Same type as last. Variety with short arrows. Small dent on obverse edge. About fine. Scarce.

WASS, MOLLITOR & CO.

The Very Rare Round $50.00 Gold Piece.

421 **$50.00** 1855 Small head of Liberty, date below, thirteen stars. Reverse, 50 DOLLARS in wreath, small scroll above, 900 THOUS; around, SAN FRANCISCO CALIFORNIA WASS MOLLITOR & CO. Milled edge. Round. The center of reverse, as usual, weakly struck; usual light nicks. Strictly very good, and for this coin can be classed as fine. With the exception of weak portion of reverse, a goodly portion of it is really very fine, but the coin as a whole can be classed as strictly very good and is a most acceptable specimen of this rare and greatly-in-demand coin. Seldom offered. High auction record. A little better specimen in my sale of the Judge Slack Collection brought $525.00.

422 **$10.00** 1852 Type of same issue as U. S. coinage. Rather homely head of Liberty W. M. & CO. on diadem. Reverse, eagle, S. M. V. CALIFORNIA GOLD TEN D. Variety with broken die on obverse connecting nearly all stars and date, and cracked die on reverse. Extremely fine, with considerable original mint luster. Seldom found as choice as these pieces were struck rather poorly. Rare and valuable so choice.

423 **$5.00** Same type as last but of better workmanship, and legend on reverse reading FIVE DOLLARS IN CALIFORNIA GOLD. Very good to fine. Extremely rare.

AUGUSTUS HUMBERT.

424 **$50.00** 1852 The rare variety with small date and 887 THOUS., the scroll is smaller and the ends turned out. Reverse, small target. Two light dents on edge, otherwise strictly very good with most of legend fine. One of the rarest varieties of the octagonal slug.

425 **$10.00** The usual type, eagle with shield and ribband, 884 THOUS. Reverse, inscription and date in four lines. Good to very good. Very scarce.

UTAH or MORMON GOLD COINS.

426 $5.00 1849 Clasped hands, date below; legend. Reverse, Bishop's mitre above eye, HOLINESS TO THE LORD. Extremely fine; sharp. One of the finest specimens that I have ever offered and as such very rare, as it is seldom that this coin is found so well struck up and free from any nicks or dents.

427 $5.00 1860 The rare and interesting variety with lion on obverse and eagle and beehive on reverse, DESERET ASSAY OFFICE PURE GOLD 5 D. Milled edge. Fine obverse with very fine reverse. Rare.

428 **Twenty-Dollars** 1860 Obverse, view of Pike's Peak, DENVER below; around, PIKES PEAK GOLD TWENTY D. Reverse, eagle with small shield on breast, an olive branch in right talon and three arrows in left, date below, CLARK GRUBER & CO. Milled edge. The usual very light nicks and a light, hardly noticeable minute dent on edge. These minor defects, if they may be called such, are mentioned due to the importance and great rarity of this coin. The coin as a whole can be classed as very fine; it shows some original luster and is about as choice a specimen as is usually offered and with one exception as fine as known. Considered one of the most interesting, and of course, one of the rarest of all Pioneer gold coins. Probably not more than a dozen specimens known. Old records up to $1,000.00. With the increasing interest and value of all pioneer gold, especially the greater rarities, this specimen should bring near or within the four-figure mark.

The EXCEEDINGLY RARE OREGON TEN-DOLLAR GOLD COIN.

1849 Ten Dollars. A beaver on a log to right, O. T. (Oregon Territory) below; 1849 below O. T. with branch on either side: Seven stars in semi-circle over beaver, above which K. M. T. R. C. S. These initials are of the members of the firm composing the Oregon Exchange Co. Reverse, in center, in four lines, 10. D. 20. G. NATIVE GOLD TEN D. Around, OREGON EXCHANGE COMPANY. Beaded and raised borders. The edge has been smoothed as the coin was originally in a locket. The obverse is very good, in fact can be classed as very fine for this piece as it is unusually well struck with a bold date and every letter plain and entire obverse well centered. The reverse, is the usual reverse of these exceedingly rare coins, the center not struck up, the following letters are very weakly struck or hardly show, O. D. 2, ATIV of NATIVE and the O of GOLD. Balance of the reverse is well struck with every letter very plain. Few minor, hardly noticeable light nicks. Of excessive rarity, in fact one of the rarest of our pioneer gold coins. This is the second specimen of this great rarity to be offered at auction in more than forty years. The only other specimen offered was in my sale of the Judge Slack Collection, 1925, which brought $1,200.00. (A third specimen was offered in the Zabriskie Sale but it was a poor and holed one.)

COMPLETE SET of PANAMA-PACIFIC COINS.

455 1915 Complete set Panama-Pacific gold and silver coins, round and octagonal Fifty Dollar Gold Pieces, gold $2.50, gold dollar and silver Half Dollar. The set is in the original plush holder which is nicely framed between glass so that both sides are plainly viewed. The set is just as perfect mint state as when issued. The set will be sold as a whole only, therefore please make your bids at so much for the entire set and not by the piece. In the past couple of years there has been a tremendous increase in the interest and demand for these coins. Their values have been steadily advancing. I believe that at the present price levels these sets will prove a good investment, as but only about 500 specimens of the $50.00 gold coins were issued.

MISCELLANEOUS UNITED STATES COINS.

The Rare 1797 Half-Dollar.

1207 1797 Half-Dollar. Variety with die break at second star on left. Very good, but unfortunately has been shaved off on edge at right of Liberty, but does not cut into the legend nor stars: An old light scratch on edge just to left of stars to left of Liberty and two short light scratches in field to right of eagle's head on reverse. While the coin is not a gem specimen but it is an acceptable and worthy specimen for the average collector and since fine specimens of this rarity bring up to and over $100.00, this will prove a most acceptable specimen for the average collector.

Numismatic Food For Thought, For Thoughtful Collectors

PROVEN SUCCESS—

is what *you should consider* when thinking of disposing of your collection, and not mere promises nor only good intentions.

If you place your collection for sale at auction, do not forget that the FINANCIAL RESPONSIBILITY of the dealer with whom you place your collection, is just as important to you as his ability and honesty.

Then consider his market:—Where and how does he get his customers?—Does he simply travel in old, age-worn ruts, or does he step out and create a market of his own of *new, live collectors* among the millions of people of the country by spending thousands upon thousands of dollars for advertising?

Think the above over!

I have some interesting and valuable information for you which I shall be glad to give you without the slightest obligation to you whenever you think of selling your collection or any portion of it, either at auction or for immediate cash payment.

Personal interviews can easily be arranged for any part of the country. I also advance liberal amounts of cash without interest. Write me. You'll benefit by it.

Another Important Purchase

In my last catalog I announced my purchase for cash of four rather important collections:---

The Sherwood Collection, Wile Collection, Clark Collection and the Boyer Collection

AND NOW I am pleased to announce that since then, have purchased the most extensive and valuable collection of large cents ever formed in the West; valued into the five-figure mark, the collection of

Mr. John P. Kennedy of Los Angeles, Calif.

My advertising this season since September 1st to March 1st has appeared in over five hundred different magazines and newspapers. During this time more than two hundred fifty thousand people;—more than a quarter of a million;—have written me for Coin Price Lists, Catalogs, etc.

This is ONE reason why I am able to pay more,—a great deal more,—for all good collections. And, incidentally, this is also just one of the *many* reasons why my sales are so successful,—I have both, the buyers and sellers, that no other market possesses.

Write me whenever you want to buy or sell.
